Governance documentation and assessment preparation

Media & communications / Governance & assessment support

Experience and business relevance

This experience brings together documentation support, assessment preparation, and guidance on Microsoft Purview in a media and communications context. Organizations preparing for governance assessments need traceable evidence, clear ownership, and a practical view of documentation and technical gaps.

Documented contribution

Governance documentation; Assessment preparation; Microsoft Purview guidance.

Business mandate	Information & systems	Delivery scope	Validation & ownership

Design questions for a comparable engagement

01 Which requirements need supporting evidence?

02 Who owns each policy, register, and control?

03 Where can available platform capabilities support the governance approach?

Proposed delivery path

Agree the assessment framework and evidence needs. Review policies, registers, and available technical evidence. Record gaps and assign remediation owners. Prepare the agreed documentation and stakeholder readout.

A concrete starting point

A scoped governance gap assessment and evidence review. Confirm the sponsor, selected systems and data, access boundaries, and acceptance measures before implementation.
